

Session 5_2 Impact - GROUP WORK & Homework

Follow the instructions from the application form

Group Work: Describe how your project will contribute to...

- Each of the **impacts** mentioned in the work programme, under the relevant topic; impacts that would enhance innovation capacity; create new market opportunities, strengthen competitiveness and growth of companies, address issues related to climate change or the environment, or bring other important benefits for society
- Describe any **barriers/obstacles**, and any framework conditions (such as regulation, standards, public acceptance, workforce considerations, financing of follow-up steps, cooperation of other links in the value chain), that may determine whether and to what extent the expected impacts will be achieved.

Homework: Continue your work on impact section...

- Refine impact pathways
- Think of and outline a few appropriate communication/dissemination/exploitation measures
- Prepare the summary tables 2.3

Exercise – Preparation of the summary 2.3

Specific needs	Expected results	D&E&C measures
<p>What are the specific needs that triggered this project?</p>	<p>What do you expect to generate by the end of the project?</p>	<p>What dissemination, exploitation and communication measures will you apply to the results?</p>

Target groups	OUTCOMES /RESULTS	D&E&C measures
<p>Who will use or further up-take the results of the project? Who will benefit from the results of the project?</p>	<p>What change do you expect to see after successful dissemination and exploitation of project results to the target group(s)?</p>	<p>What are the expected wider scientific, economic and societal effects of the project contributing to the expected impacts outlined in the respective destination in the work programme?</p>
